

BETHANY MATH TRACKS

Students are given a Math Track Practice test on their appropriate mastery level to work on these skills at home.

In the classroom, the teacher will give a two minute Math Track Level test at least twice a week. After scoring a 100% at least once on a level test your child will qualify for the Math Tracks Principal's test.

Principal's test will be given 7 times throughout the year. Students will have seven opportunities to master 4 tests. After mastering 4 tests, they will then move on to the bonus rounds. Each grade level will have two bonus tests. Please work on the facts with your children at home.

If your child passes the first four levels for their grade, they will receive a Bronze Medal, four levels + 1 bonus = Silver Medal, four levels + 2 bonus levels = Gold Medal.

	1 st Grade	2 nd Grade	3 rd Grade	4 th Grade	5 th Grade
# of Problems	25	30	40	40	50
Level 1	Addition 0-10	Addition 0-18	Addition w/regrouping 0-18	Multiplication 0-10	Multiplication 0-12
Level 2	Subtraction 0-10	Subtraction 0-18	Subtraction w/regrouping 0-18	Multiplication 0-12	Division 0-12
Level 3	Addition 0-18	Add/Sub 0-18	Add/Sub w/regrouping 0-18	Division 0-10	Multiplication/ Division 0-12
Level 4	Subtraction 0-18	Addition w/regrouping (20 problems)	Multiplication 0-5	Multiplication/ Division 0-12	24 1-Dot (4 problems)
