- Bond Election Information Night, 7 p.m., Thursday, Aug. 20, Bethany High School Broncho Corral, 4500 N. Mueller

## Bond Projects

### 1) Classroom Addition and Safe Room

- Needed new classroom building constructed to double as a safe room
- During school hours protects students, teachers and staff from tornadoes
- During imminent tornadic weather in non-school hours will be open to protect citizens who reside inside the boundaries of the school district
- Provides needed new classrooms for education of Bethany students

### 2) Connecting Hallway

Construction of a hallway connecting the high school to the middle school, enabling high school students to get to the safe room without going outside. Currently the two buildings are not connected.

### 3) Middle School West Enclosure

Extension of the hallway connecting the two buildings (described above) west across the front of the middle school to move middle school student foot traffic away from classrooms and limit disruption to learning caused by excess noise.
